It was agreed that having significantly increased the precept in 2019/20, that any increase should not be greater than published measure of inflation (1.4%) and the budget should work within this figure. There were new costs which could not be avoided such with the website and the renewal of the ten-year lease on access rights to the recreational area (see 8.3 & 8.4 below). Pond maintenance (item 8.5) and management of land at Saint Nicholas' Croft (8.7) were added to the Natural Environment Group budget which was adjusted accordingly. Contingency of £2,000 to £3,000 would be taken from surplus from 2019/20. Tree inspections were once every three years and the need for a schedule of works was noted.
